TORONTO, July 6, 2010 ----- The International Visitors (IV) Programme, in association with Authors at Harbourfront Centre, is delighted to announce details of its third annual programme. Inaugurated in 2008, the IV Programme invites publishing professionals from around the world to participate in five days of inter-industry dialogue with the goal of increasing opportunities for Canadian authors and publishers abroad. IV Programme participants benefit from a full schedule of publisher-hosted events and receptions, a mini rights-fair and an industry-focus panel, and attending a number of IFOA onstage events. This year’s IV Programme runs from October 24–28 as part of the International Festival of Authors (IFOA) (October 20–30, 2010).

“In just two years, the International Visitors’ Programme has established itself as a valuable part of the publishing industry’s annual calendar,” says Iris Tupholme, IV Programme Organizing Committee Chair. “This is a valuable opportunity to showcase our Canadian writers to an impressive group of editors, publishers, scouts, agents and literary festival directors against the backdrop of one of the world’s most prestigious festivals.”

The IV Programme is also proud to announce that the programme is made possible with the support of the Ontario Media Development Corporation (OMDC) on behalf of the Ministry of Culture. In 2010, increased funding from the OMDC allows for the continued support of bringing international publishing executives to Toronto to network with IV Programme participants and IFOA participants, including Ontario authors and publishers.
